Praful Maurya

Frontend Engineer | React | 3+ Years I Performance Optimization | Web & Mobile
+919967818196 • mailto:work.praful4@gmail.com • **LinkedIn** • GitHub • Mumbai

Summary

Frontend Engineer with **3+ years** of experience developing scalable **React.js and React Native** applications for enterprise products serving over **100K users**. Experienced in performance optimization, reusable component architecture, React Native upgrades, API integration, state management using **Redux Toolkit**, and delivering production-ready web and mobile applications.

Skills

- **Programming Languages:** JavaScript, TypeScript, Node.js
- **Libraries / Frameworks:** React.js, React Native (CLI/Expo), Next.js, React Hooks, React Flow, Redux Toolkit, Axios, HTML5, CSS3, Tailwind CSS, Bootstrap, Styled Components, Sass (SCSS)
- **Tools & Platforms:** Git, GitHub, Jira, Webpack, Babel, ESLint, Postman, Firebase, Jest, npm, Yarn, Chrome DevTools, Flipper, Android Studio, Xcode, CI/CD, App Store Connect, Google Play Console, gpt, Claude
- **Development Skills:** JavaScript (ES6+), Component-Based Architecture, React Design Patterns, Performance Profiling, Real-Time Communication (Agora/WebRTC), RESTful API Integration, Responsive Web Design, Cross-Platform Development, Performance Optimization, Debugging & Troubleshooting, Code Splitting, Lazy Loading, State Management (Redux Toolkit), Git Version Control, Agile (Scrum), Problem Solving
- **AI-Assisted Dev:** AI-Assisted development workflows (Windsurf, Prompt Engineering), copilot

Work Experience

Humanify Technologies | Frontend Engineer **Apr 2025 – Present**

- Architected and developed a React.js and React Native survey platform supporting **9+ configurable question types** and dynamic multi-step workflows.
- Built a modular frontend architecture with **20+ reusable components** and custom hooks, improving development efficiency by **30%**. • Led the migration from **React Native v0.73 to v0.82**, resolving dependency conflicts and improving application stability across Android and iOS.
- Integrated real-time video communication, enabling **100+ concurrent video sessions** and reducing connection failures by **25%**
- React.js • React Native • JavaScript • Redux Toolkit • Firebase • REST APIs • Git

V2Stech Solutions Pvt. Ltd. | Software Engineer **May 2024 - Mar 2025**

- Led frontend development of a business networking platform with **12+ feature modules**, reducing feature delivery time by **30%** through reusable component architecture.
- Integrated Firebase Push Notifications, Google Analytics, and AdSense, increasing user engagement tracking accuracy and enabling monetization across the platform
- Managed CI/CD pipelines and delivered **20+ production releases** for Android, iOS, and Web with minimal deployment issues.
- React.js • React Native • TypeScript • Redux Toolkit • Firebase • REST APIs • Git • Jest

Fyntune Solutions Pvt. Ltd. | Software Engineer **Jan 2023 – May 2024**

- Contributed to an Insurtech product serving **100,000+** daily active users, centralizing employee benefits and insurance management
- Developed and maintained **20+ enterprise** modules across web and mobile platforms serving 100K+ daily active users
- Reused shared business logic across React.js and React Native applications, reducing duplicate code by **40%** and accelerating feature delivery.
- Collaborated with cross-functional teams to deliver **20+ enterprise features** on schedule while maintaining high code quality.

Projects

Explorastory Present

Remote research web/mobile platform for real-time experiences

- React Native, React.js, JavaScript, Firebase

RMB Sobo Present

Business Networking Platform for business collaborations and employments

- React Native, React.js, TypeScript, Firebase

Elephant Benefits 360 Present

App for Alliance Insurance Brokers for policy benefits

- React.js, React Native Expo, TypeScript, Firebase, Bootstrap

Global e-Cricket Premier league (GEPL) Present

Web Application for a sport company for live cricket scores, updates and ads. • Next.js, JavaScript, Bootstrap

Education

Bachelor of Commerce | Mumbai University

Supplemented with self-directed learning in React, TypeScript, and mobile development through industry resources and hands-on project work
